DHRpro/Clarity Like Never Before

<https://dhrpro.com/>

success@dhrpro.com

DHRpro is a business and clinical insights platform that sits on top of existing medical software systems, delivering clarity like never before. Our data source-agnostic software processes and renders complex clinical and financial information from disparate medical data sources onto simple, actionable, interactive displays where nearly all relevant patient history is only one click away. We aggregate, correlate, and cross-check data for inaccuracies and missing or incomplete data to give practices complete control over their entire patient population. From consolidating a complex and extensive patient history for the physician to allowing the practice manager to locate all patients needing treatment, including those lost to follow-up, to helping billing managers identify the highest-value medical billing concerns, DHRpro is healthcare's comprehensive solution.

Nitra

www.nitra.com

Contact: Johnathan Kim: jkim@nitra.com

Payments, BillPay, Expenses & Procurement. Nitra does it all.

Doctors love us and office managers adore us. Nitra is the first virtual financial hub dedicated to helping doctors and practices save time and money. Doctors enjoy higher discounts on all medical supply purchases, allowing them to travel more or buy more with those savings. Office managers save more time by automating many of their back-office operations, giving them more time to dedicate to their patients.

Prism Vision Group

www.prismvisiongroup.com

PRISM Vision Group® is one of the largest vertically-integrated independent ophthalmology administrative services organizations on the east coast.

Formed in 2008, with roots that reach back for more than 30 years, PRISM is a physician-led organization with a mission to support ophthalmology practices in providing patients world-class, comprehensive eye care while creating an unrivaled practice environment for our network of affiliated physician groups and employees.

Our vision is to be the nation's premier independent eye care organization -- today and 100 years from now.

PRISM comprises 91 locations, 7 ASCs, 180 physicians and more than 1,200 employees throughout New Jersey, Pennsylvania, Delaware, Virginia, Maryland and the District of Columbia including one of the largest networks of retina providers in the US.

Promptly Patient Experience Suite

www.PromptlyCheckIn.com

Shaun Priest, Senior VP of Growth
shaun.priest@promptlycheckin.com

Promptly is the all-in-one patient experience and engagement suite designed to integrate seamlessly with your PM system and streamline the business workflows you manage every day - all in one platform. Promptly makes repetitive tasks and patient touchpoints quicker, easier, and better for everyone, including online scheduling, appointment reminders, automated waitlist, patient reactivation, digital check-in, real-time eligibility verification, online payments, text-to-pay, multi-entity payments, and referral management.

We automate the stuff that takes way too much time so your team can do the stuff that matters most: connecting with patients.

If you and your team are frustrated by repetitive manual tasks, or you are using multiple software platforms to manage your business and patient engagement, Promptly's comprehensive set of tools can help you fill schedules, automate workflows, consolidate systems, and accelerate revenue growth for your practice.

PX Connect, a part of CareMetx

<https://www.Caremetx.com>

Bret Montgomery, VP Enterprise Sales

240-331-8232

bret.montgomery@caremetx.com

PX Connect a part of CareMetx, is a leading innovator in simplifying provider workflows to enhance patient access to therapies. With a robust technology platform and dedicated service teams, we empower healthcare practices to manage patient enrollment, prior authorizations, and consent processes more efficiently.

Designed to integrate seamlessly with 25+ EHR/PM systems, it pre-populates forms, streamlines administrative tasks, and reduces the burden on practice staff. Our solutions ensure that providers spend more time where it matters most, caring for their patients.

Stop by our booth (#19) to learn how we're transforming healthcare, one workflow at a time.

Regeneron

<https://www.regeneron.com/>

914-847-7000

Regeneron is a leading biotechnology company that invents, develops, and commercializes life-transforming medicines for people with serious diseases. Founded and led for [36] years by physician-scientists, Regeneron's unique ability to repeatedly and consistently translate science into medicine has led to numerous FDA-approved treatments and product candidates in development, almost all of which were homegrown in Regeneron's laboratories. Regeneron's medicines and pipeline are designed to help patients, including patients with serious eye diseases.

Regeneron is accelerating and improving the traditional drug development process through its proprietary *VelociSuite*[®] technologies, such as *VelocImmune*[®], which uses unique genetically humanized mice to produce optimized fully human antibodies and bispecific antibodies, and through ambitious research initiatives such as the Regeneron Genetics Center[®], which is conducting one of the largest genetics sequencing efforts in the world.

For more information, please visit www.regeneron.com or follow Regeneron on LinkedIn, Instagram, Facebook, or X.
